SUNYLA Conferences

Annual Midwinter Virtual Conference

SUNYLA aims to keep SUNY library professionals informed of the latest tools/tricks of the trade. This one-day, online conference addresses current topics of interest to academic libraries with themes such as OERs, LSP migrations, and library hacks.

Annual Spring Conference

Every year librarians & library staff gather at a different SUNY campus to share knowledge, network, and inspire one another. It provides an opportunity to grow professionally, whether it is helping with conference planning, participating in a preconference, presenting a poster, or spending time with colleagues.
